

COUNTY ENGINEER OF THE YEAR

JEFFREY M. STRATMEYER, PE

CEAM - County Engineer of the Year 2013

Jeff Stratmeyer - Harford County

Jeff Stratmeyer is a 1986 graduate of the University of Delaware and has been employed by Harford County Government since April, 1990. He was the County's Traffic Engineer for the first 10 and has been the Chief Engineer for Roads and Bridges since 2000. Jeff was instrumental in creating the County's Adequate Public Facilities Law for roads, the creation of the County's traffic calming program and has been involved in the design / construction of over 30 major road and bridge projects throughout Harford County. He is passionate about traffic safety and is most proud of the improvements that have been made to the County's road system to improve safety over the past 20 years. Jeff has been married to his wife, June, for 27 years and has a 25 year old son (Rob) and a 23 year old daughter (Carlie) and son-in-law (Jaramie). In his spare time, he enjoys playing basketball and golf, traveling and motorcycle riding.
