Edward C. Adams, Jr. P.E.

Experience and Education

Ed Adams, Vice President of Water and Wastewater for Johnson, Mirmiran & Thompson, retired in April (2016) from Baltimore County, having served sixteen years as the Director of Public Works. A graduate of the Johns Hopkins University School of Engineering, and a member of the *Tau Beta Pi* Honor Society, his career has taken him from the construction site to the front office and has included a broad range of responsibilities in both the public and private sectors.

Before accepting his appointment in Baltimore County, Ed served as Director of Public Works for Harford County where he managed a staff of 450, providing the infrastructure needs to a growing community of 200 thousand. He came to Harford County from Baltimore County's Department of Public Works where he had risen through the ranks during thirteen years.

In Baltimore County he was Chief of the Division of Construction Contracts Administration, where he took major contracts from bid to close out. Before this administrative post, he gained experience as an Area Engineer, an Engineering Associate, a Construction Inspector and a Sediment Control Inspector. And prior to his County experience he worked as a concrete foreman for a local contractor while attending school at night.

Membership

In 2004 Ed became a director on the Board of the Northeast Maryland Waste Disposal Authority. In December 2006 he was appointed by Governor-elect O'Malley to the Transportation Transition Team. And in 2010 he was appointed a Director of the Maryland Environmental Services. He is a past president of the County Engineers Association of Maryland and the Maryland Association of Engineers and is still currently active as a board member for both organizations.
