

Manager III- Grade M3 (IRC29387)

The mission of the County's Department of Transportation (MCDOT) is to move people and connect places with the best transportation choices and services. MCDOT is seeking a Manager III for their Transportation Policy/Development Review Section.

The position will manage the Department's coordinated review and processing of all (residential and commercial) development plans, transportation-related analyses and calculations for same, and for proposed work within County-maintained rights-of-way and easements, in accordance with the County Code and Department Standards/policies/procedures. Plan elements that are frequently assessed include but are not limited to: improvements to existing roads, design and construction of proposed County roads, site distance evaluations, adequacy of the existing downstream County-maintained system drainage systems, requests for Design Exceptions from Department standards and policies, and coordination with nearby MCDOT Capital Improvement Project (CIP) projects.
